ELECTION OF CLAIMS

Sir:

Responsive to the Office Action dated October 2, 2001, it is respectfully requested that this application be reconsidered in view of the following remarks.

Election of Claims.

Claims 7-14 are pending in this application. The Examiner states that the claims are drawn to two patentably distinct inventions, and requires that Applicants elect one group of claims for prosecution on the merits.

In response to the Restriction Requirement, Applicants elect the claims of Group I (7-10 and 12-14) with traverse, as the Applicants respectfully submit that it would not be an undue burden to examine the claims of Groups I-IV concurrently. Accordingly, Applicants respectfully request that the Examiner reconsider the present restriction of claims.

Applicants note that Claim 14 was not indicated as being in either of Group I or II. It is assumed that Claim 14 is being included in Group I.
